Were you at the park yesterday? I was and I saw lots of animals. I was excited because two rabbits were on the grass and I love rabbits. I think they were hungry, but they weren't nervous and we were next to them. It was great! I was surprised because a beetle was on my hand. It wasn't dangerous, so I wasn't nervous. Lots of butterflies and bees were on the flowers. Some snails and ants were on a tree, but they weren't on the flowers. Do you like animals?
