

ENGAGING DIGITAL MATERIALS FOR PUPILS

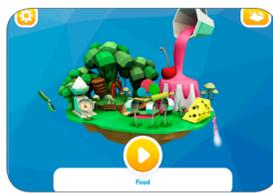

The **Pupil's App** on Navio motivates children to use and extend language outside the classroom through an **immersive 3D world**.

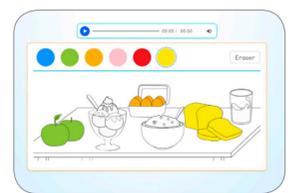

- The Pupil's App includes:
- Games and rewards
 - Animated stories
 - Story song animations
 - Videos
 - Songs

Reward system motivates pupils and provides a sense of achievement.

Intuitive **3D worlds** with extra course practice.

Increased language acquisition through **repeated practice**.

Songs with catchy tunes to remember language.

Culture videos visually support pupils' learning of **traditional songs, rhymes, chants and stories**, and also provide a model for the actions.

Speaking videos to provide a model and boost children's speaking.

Carol Read
Level: **Pre A1**

They think they're playing.

We know they're learning.

Teaching and learning powered by NAVIO

Big Wheel!

INNOVATIVE AND EASY-TO-USE DIGITAL MATERIALS FOR TEACHERS

Tap and Teach lessons with all the activities needed to teach the class, including routines songs, flashcard presentations, games, integrated multimedia and more!

Classroom management at your finger tips: organise and reward pupils.

Posters to recycle and review key concepts, language and skills.

Teacher support tips and videos

Progress Tracker monitor progress and strengthen the home-school link.

Photocopiable resources in the **Teacher's Resource Bank**.

RICH MULTI-MEDIA MATERIAL FOR TEACHERS AND PUPILS

Animated stories that bring the stories and adorable characters to life!

Story song animations so children can fully participate.

Big Wheel

Let's take a walkthrough...

In **Lesson 1** and **Lesson 2** vocabulary is presented photographically to bridge the gap between **fantasy and reality**, followed by new vocabulary and language in context to maintain interest and extend learning.

The **wheel mat** and the **flashcards** are used to present new vocabulary.

Clear icons facilitate teaching.

In **Lesson 3** the **story** exposes children to language in a pleasurable way, making it more memorable.

Animated stories, featuring Mimi, Dylan and their meerkat family, captivate attention and bring the story to life!

Tell the story in different ways: resources to ensure a rich storytelling experience and to support different learning styles.

A **Story song animation**, in **Lesson 4**, boosts children's self-confidence and language production.

In **Lesson 5** a video of real children provides a context to model language, boost production and develop life skills.

A bank of **activity ideas** to develop **age-appropriate life skills** provides extra teacher support.

In the **Review in Lesson 6** children **review language** through a fun chant and are given an opportunity to show what they have learnt.

At the end of the unit, the **optional Values lesson** teach values alongside language to support **social and emotional learning**.

Children are encouraged to give a personal response.

A **Values song** presents the value in a clear, memorable way.

The **optional Culture pages** introduce children to **traditional songs, rhymes, chants and games** with culture related activities.

A **video** featuring **real children** chanting or singing encourages playful participation.

Three creative, flexible and **cooperative projects** to **practise and review language** while developing social and emotional skills.

Clear images and step-by-step illustrations.

Flexibility

Hop on and Hop off and choose your learning pathway with Big Wheel!

Big Wheel's innovative flexibility facilitates a holistic approach to learning. Teachers can **hop on** and teach the units in the order they appear or they can **hop off** and teach the topic units in the order they wish.

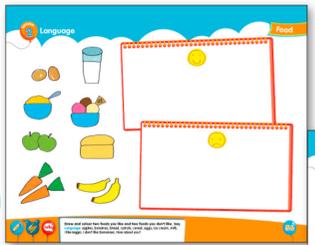

PLUS

With **two versions to choose from** teachers can easily **adjust the material to suit the number of hours and expected learner outcomes.**

The **PLUS** edition includes:

- + Extra topic units to captivate children's attention.
- + More vocabulary practice to support increased output.
- + More language practice to boost production.
- + A content lesson in each unit to explore the world outside the classroom.
- + A project at the end of every unit with templates and ideas for teachers.

They think they're playing.
We know they are learning.

MEET THE AUTHOR

Carol Read, the **award-winning young learners' expert**, guarantees a **sound pedagogy** combined with **practical and innovative content** that simply works in the classroom.

Why Big Wheel!

Big Wheel is a **3-level course** with a unique **Hop on & Hop off** approach that gives teachers the **flexibility** they need in their classes. With **engaging topics, adorable characters** and **rich video content** including animated stories and songs, pupils' **learning** becomes both **effective and enjoyable**.

Flexibility: A unique **Hop on & Hop off** approach gives teachers the freedom to **follow the units in any order they choose** and **align topics with other parts of the curriculum**.

- Engaging video resources in every unit:**
 - **Fully animated stories and story songs** featuring, *Mimi* and her family, that **present language** in an engaging and enjoyable context.
 - **Culture videos:** offer a unique mix of real life British children and animation to present traditional rhymes, chants and stories.
 - **Speaking videos:** allow pupils to see children their own age using the target language in an authentic context.

Social and emotional learning: **Big Wheel** puts children's **wellbeing** at the heart of learning. Values lessons, reinforced through **catchy songs** to sing and act out, help children develop the **social and emotional skills** that prepare them for the **wider world**.

Flexible, easy-to-use projects: carefully staged projects introduce pupils to aspects of **cooperative learning** and encourage **creativity** and **personalisation** while using the language learned in each unit.

Classroom management made simple: All resources can be found in **one place** including **Tap & Teach** lessons which allow teachers to deliver **clearly sequenced lessons** with minimum preparation.
