

FUN WAYS TO USE THE POSTER IN THE CLASSROOM

INSTRUCTIONS:

- 1) Choose your preferred poster, download and print.
- 2) Photocopy for pair or group work, or hang on the wall to use as a class.
- 3) Follow the proposed lesson instructions.
- 4) Login to kahoot! or create a free account.
- 5) Use either or both of our original quizzes to test comprehension of the poster content.

Kahoot - 2

LESSON IDEA

Give our tried and tested lesson idea a go!

Carrying out the whole lesson as a group takes about 1 hour.

Step 1:

Present the poster to the class, reading the title of each section aloud, and asking students to contribute vocab they know related to the topic.

Step 2:

Divide the class into small groups and allocate each group a different section of the poster. Explain that each group will be asked to present their section to the class and after all the presentations, there will be a Kahoot! quiz on the content.

Step 3:

Allow each group 10-15 minutes to study their section on the poster, and make notes if they wish. You can give them the answer to the Brain Teaser in their section so they can present it in their presentation and everyone can check their answers.

Step 4: for Fast Finishers

Hand out the **Brain Teasers worksheet** to everyone in the class so that groups that finish early can work quietly individually, or in pairs until all groups have finished preparing their section.

Step 5:

Groups take turns in presenting their sections to the class. Remind students they must listen in order to get the answers right in the Kahoot! quiz.

Step 6:

Login to Kahoot! or create a free account as a teacher and choose your quiz.

Kahoot - 1

Kahoot - 2

Ask students to go to kahoot.it and type in the game pin, using school computers, tablets or allowing them to use their mobiles.

Take the quiz!

Step 7:

If you have spare time at the end, after the quiz go back to the poster section by section and ask students to recall information from memory or open a debate using the WDYT question.

Put your class to the test with these challenging brainteasers, which give everybody an opportunity to shine.

Answers:

- 1 Vera will be 21. (*Influence SB2 p64*).
- 2 33 years (one third of 99 years). (*Influence SB4 p52*).
- 3 Alfie has been at the bus stop for 35 minutes ($10 + 15 + 10$) and arrived at 3:05 ($3:40 - 35'$). (*Influence SB2 p88*).
- 4 Tom starts school at a quarter to nine. He likes chess.
Ana starts school at a quarter past nine. She likes music.
Sara starts school at eight o'clock. She likes dance.
(*Influence SB1 p16*).
- 5 You have to grow the cucumber from seed. When the cucumber starts to grow, put it in the bottle while it is small. Then let it grow bigger in the bottle. (*Influence SB3 p40*).
